DOUGLAS SANTOS

Naviraí, MS - Brazil | +55 (67) 99253-6106 | douglaskyrius@gmail.com | www.douglaskyrius.com

Skilled Software Engineer with over 5 years of experience in designing, building, and optimizing scalable systems and cloud applications. Proficient in Node.js, React, and AWS, with a strong focus on delivering high-quality solutions for complex technical challenges. Fluent in English and Portuguese.

EXPERIENCE

August 2023 – June 2024

Software Developer | Project Broadcast | Fort Worth, TX

- Developed end-to-end features for a multi-channel marketing platform enabling automated communication through text, email, and voice drops, creating intuitive interfaces and robust backend endpoints.
- Delivered seamless integrations with Capacitor to enhance mobile compatibility.

December 2022 – May 2023

Software Engineer | Coopers | Paraná, Brazil

- Architected and developed an e-commerce platform for bus tickets.

January 2022 – April 2022

Senior React Developer | Metrobi | Boston, MA

- Developed and maintained a customer dashboard to schedule deliveries.
- Built and enhanced the mobile app used by couriers to improve delivery operations.

January 2021 – January 2022

Full Stack Engineer | SOLO | São Paulo, Brazil

- Designed and scaled a social media platform for McDonald's (GoMc) to support operations across eight countries.
- Implemented Elasticsearch for high-performance search capabilities.

July 2019 – Present

Founder | Kronos Developments | Mato Grosso do Sul, Brazil

- Led the design and implementation of diverse software projects for local and international clients.
- Delivered scalable architectures using Python/Django and Node.js for real-time systems.

SKILLS

- Node.js (TypeScript, JavaScript), Python.
- NestJS, Express.js, Django.
- React, Next.js, React Native, TailwindCSS
- MongoDB, PostgreSQL, Redis, Elasticsearch
- AWS (EC2, S3, Lambda), Docker, Kubernetes, Terraform
- RESTful, GraphQL, WebSockets
